

InnovLED

Let the display not only be a display, but also an ancient word, a poem, a painting, a combination of visual and artistic creativity, and perfectly integrate the background into the scene.

InnovLED makes the world brilliant.

When power off, "traditional monitors" are always black screens.

Have you feel dumb or boring for the black screens? **"InnovLED" makes the world brilliant. Are you ready?**

▲ Traditional display power off on standby

▲ InnovLED display power off on standby but still has fixed image

▲ InnovLED display power on and see the video image
